RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0010
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: October 1 through December 31, 2020
Report Date: January 15, 2021
Date of Next Report: April 15, 2021

Summary of Activities Conducted During Reporting Period

- The 3rd quarter 2020 report was submitted to U.S. EPA on October 15, 2020.

The semi-annual conference call was held on November 13, 2020. In attendance were Chris Black of U.S. EPA, Harry Thomasse of Ferro Corporation and Eric Wilburn and Valerie Gill of Hull & Associates, LLC.

Activities Expected to be Conducted During the Next Reporting Period

- The COVID-19 pandemic has presented challenges with updating the public repository with the Cleveland Public Library System as branches modify their open to the public policies in response to local virus infection waves. The Site-specific public repository located at the Fleet Branch of the Cleveland Public Library System will be updated with the quarterly reports as the pandemic allows.

Miscellaneous Information/Issues

- None at this time.

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0010
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: April 1 through June 30, 2020
Report Date: July 15, 2020
Date of Next Report: October 15, 2020

Summary of Activities Conducted During Reporting Period

- The semi-annual conference call between U.S. EPA and Ferro was held on June 9, 2020. In attendance were Kelly Wolfe (Ferro), Chris Black (U.S. EPA) and Eric Wilburn and Valerie Gill (Hull & Associates, LLC).

In a letter dated June 11, 2020, Hull submitted a request to U.S. EPA to expedite the project schedule for the facility. U.S. EPA responded in a letter dated June 22, 2020 with a revised schedule including the issuance of the Statement of Basis during fiscal year 2022.

Activities Expected to be Conducted During the Next Reporting Period

- Hull & Associates, LLC will update the documents in the public repository located at the Fleet Branch of the Cleveland Public Library System. Due to the COVID-19 pandemic which resulted in multiple extended closures, the repository documents will be updated to include the 1st and 2nd Quarter 2020 Project Report.

Miscellaneous Information/Issues

- None.

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0010
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: January – March 2018
Report Date: April 13, 2018
Date of Next Report: July 15, 2018

Summary of Activities Conducted During Reporting Period

- Hull & Associates, Inc. updated the documents in the public repository located at the Southeast Branch – Cuyahoga County Public Library. The updated repository documents included the 4th Quarter 2017 Project Report.
- A semi-annual conference call to discuss the status of the project was held on January 5, 2018. The purpose of this meeting was to discuss the overall status of the project. Representatives of the U.S. EPA, Ferro and Hull were in attendance. Based on this call, the U.S. EPA indicated that they are in agreement with the Corrective Measures Proposal and that Ferro may begin preparation of an environmental covenant, if they so choose.

Activities Expected to be Conducted During the Next Reporting Period

- Hull & Associates, Inc. will update the documents in the public repository located at the Southeast Branch – Cuyahoga County Public Library with the 1st Quarter 2018 Report.
- Hull anticipates U.S. EPA will issue a Statement of Basis for corrective measures at the facility and begin the public comment period in Fall 2018 or Spring 2019.

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0018
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: October – December 2014
Report Date: January 13, 2015
Date of Next Report: April 15, 2015

- A semi-annual meeting with the US EPA to discuss the project was held via conference call on November 17, 2014. The purpose of this meeting was to discuss the overall status of the project and the US EPA final EI Documents and how it relates to the Corrective Measures Proposal (CMP) and Risk Mitigation Plan (RMP). In attendance was Kelly Wolfe and John Evans of Ferro Corporation (Ferro), Eric Wilburn, Valerie Gill and Crystal Amato of Hull & Associates, Inc. (Hull), and Chris Black of the US EPA. Mr. Black indicated that a work plan for semi-annual groundwater monitoring should be prepared and submitted to the US EPA. Mr. Black also indicated that the US EPA will provide comments on the CMP by the end of December 2014.

Activities Expected to be Conducted During Next Reporting Period

- Hull & Associates, Inc. anticipates receiving correspondence from the US EPA on the Corrective Measures Proposal.
- Hull & Associates, Inc. anticipates preparing a work plan for semi-annual groundwater monitoring and submitting to the US EPA.

Miscellaneous Information/Issues

Summary of Activities Conducted During Reporting Period

- Hull & Associates, Inc. updated the documents in the public repository located at the Southeast Branch – Cuyahoga County Public Library. The updated repository document included the 3rd Quarter 2014 Project Report. The document was updated in the repository by Hull & Associates, Inc. on November 3, 2014.
- The Walton Hills Ferro property was transferred to new ownership in December 2014. Ferro has retained responsibility of all aspects of the September 30, 2011 Administrative Order on Consent (Docket No. RCRA-05-20110-0018) in connection with the property.

Miscellaneous Information/Issues

- None.

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0018
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: April-June 2013
Report Date: July 15, 2013
Date of Next Report: October 15, 2013

Summary of Activities Conducted During Reporting Period

- Hull & Associates, Inc. updated the documents in the public repository located at the Southeast Branch – Cuyahoga County Public Library. The updated repository document included the 1st Quarter 2013 Project Report. The document was updated in the repository by Hull & Associates, Inc. on April 23, 2013.
- On April 4 and 5, 2013, representatives of Hull were on-site to attempt to set up Summa canisters at the soil vapor implants. Due to restrictions from the saturated soil, a sample was only able to be collected at one point.
- On May 8 through May 10, 2013, representatives of Hull were on-site to purge water from the unsampled soil vapor implants, set up ISCO water samplers to collect 24-hour surface water samples and retrieve the ISCO samplers. Two additional sediment samples from the unnamed tributary to Tinkers Creek were also collected.
- On May 13 through May 15, 2013, representatives of Hull were on-site to set up one ISCO water sampler to collect a 24-hour surface water sample and retrieve the ISCO sampler.
- On June 5, 2013, Chris Black of the U.S. EPA met with representatives of Hull and Ferro to conduct a site visit to assess progress made under the consent order.

Activities Expected to be Conducted During Next Reporting Period

- Hull & Associates, Inc. will collect soil gas samples from the vapor implants during a period of dry weather.
- Hull & Associates, Inc. will finish preparing the Environmental Indicators Report for submittal on July 30, 2013.

Miscellaneous Information/Issues

- On March 20, 2013, the US EPA approved a 30-day extension for the submission of the Environmental Indicators Report. The new submittal date is July 30, 2013.

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0018
Site: 7050 Krick Road, Walton Hills, Ohio 44146
Reporting Period: January-March 2013
Report Date: April 15, 2013
Date of Next Report: July 15, 2013

Summary of Activities Conducted During Reporting Period

- Hull & Associates, Inc. updated the documents in the public repository located at the Southeast Branch – Cuyahoga County Public Library. The updated repository document included the 4th Quarter 2012 Project Report. The document was updated in the repository by Hull & Associates, Inc. on January 18, 2013.
- On January 31, 2013, a summary of baseline assessment activities and preliminary findings was submitted to the US EPA. Additionally, a request for a 90-day extension was submitted to the US EPA.
- On February 13, 2013, Hull and representatives of Envirocore were on-site to install three new monitoring wells and one delineation soil boring.
- On February 15, 2013, representatives of Hull were on-site to develop the three newly installed monitoring wells.
- On February 18, 2013, representatives of Hull were on-site to sample the three newly installed monitoring wells.
- On March 15, 2013, Hull and representatives of Buckeye Probe were on-site to install one additional monitoring well and seven soil vapor implants.
- On March 18, 2013, representatives of Hull were on-site to develop the newly installed monitoring well.
- On March 20, 2013, representatives of Hull were on-site to sample the newly installed monitoring well.

Activities Expected to be Conducted During Next Reporting Period

- Hull & Associates, Inc. will collect soil gas samples from the vapor implants during a period of dry weather.
- Hull & Associates, Inc. will begin preparing the Environmental Indicators Report.

Miscellaneous Information/Issues

- On March 20, 2013, the US EPA approved a 30-day extension for the submission of the Environmental Indicators Report. The new submittal date is July 30, 2013.

Enclosed: 1) Walton Hills Quarterly Report 2) 4150 Walton Hills Quarterly Report

RCRA CORRECTIVE ACTION QUARTERLY REPORT

Docket No: RCRA-05-2011-0010
Site: 4150 E. 56th St., Cleveland, Ohio
Reporting Period: April-June 2012
Report Date: July 15, 2012
Date of Next Report: October 15, 2012

Summary of Activities Conducted During Reporting Period

- Hull & Associates, Inc. updated the documents in the public located at the Fleet Branch of the Cleveland Public Library System. Updated repository documents included the 1st Quarter 2012 Project Report and a copy of the legal notice. Documents were updated in the repository by Hull & Associates, Inc. on April 13, 2012.
- Hull & Associates, Inc. prepared a Draft Field Sampling and Analysis Plan/Quality Assurance Project Plan. The plan set forth the sampling and analysis believed to be necessary to investigate the site consistent with the recommendations contained in the Current Conditions Report. The plan was submitted to Ferro on June 11, 2012. It is anticipated that the Field Sampling and Analysis Plan will be submitted to the US EPA during the third quarter of 2012.

Activities Expected to be Conducted During Next Reporting Period

- Ferro expects to submit a copy of the Field Sampling and Analysis Plan to the US EPA during the beginning of the third quarter of 2012.
- Hull & Associates, Inc. expects to begin investigative field work activities, in accordance with the Field Sampling and Analysis Plan, during the third quarter of 2012.

Miscellaneous Information/Issues

- Kelly Ellis has been assigned the role of Project Manager for the Ferro Corporation

Re: *Docket No. RCRA-05-2011-0018*
Ferro Corp., 7050 Krick Road, Walton Hills, Ohio

Dear Mr. Black:

In accordance with Section V, Paragraph 9 of the AOC, Ferro is providing notice that it is changing project managers. Kelly M. Ellis will now act as project manager for the above-referenced Administrative Order on Consent. If you have any questions, please contact her at (216) 750-6623 or (216) 875-5781 or kelly.ellis@ferro.com

Sincerely,

Kelly Ellis
